

## SIXT MYDRIVER TURNS INTO SIXT RIDE

### IMPORTANT INFORMATION ABOUT THE REBRANDING

Dear travel agency partners,

with the rebranding from SIXT mydriver to SIXT ride, SIXT brings together all chauffeur and transfer services under one roof. SIXT ride allows you to order a taxi, airport transfer, or limousine service from just one account - worldwide! And while we are changing the brand's name, you will continue to benefit from the numerous advantages a transfer from SIXT has to offer.

#### What does this mean for SIXT mydriver customers?

For the time being, this does not change anything for you. You may continue to book SIXT ride via [www.mydriver.com](http://www.mydriver.com) as well as via Amadeus Transfers.

#### What does this mean for the brand SIXT mydriver?

Step-by-step, SIXT mydriver will be transformed into SIXT ride. You might have already received emails from SIXT ride. It will take a while, however, until the rebranding is complete and all marketing materials, booking guides, and websites are up-to-date. Until then, we ask you for your patience.

#### Is my SIXT mydriver agency login still going to work?

Your SIXT mydriver travel agency login will continue to work as usual via [www.mydriver.com](http://www.mydriver.com). Currently, travel agencies are not able to book SIXT ride via [sixt.com/ride](http://sixt.com/ride). As soon as this changes, we will let you know.

#### What may I expect from SIXT ride in the future?

SIXT ride will continue to be a worldwide, high-quality transfer and limousine service. We continuously work on increasing our international availability and will inform you, once new cities are added to the network.

#### What is happening with the Sixt Limousine Service?

The Sixt Limousine Service will become a part of SIXT ride. If you are looking for a premium car with a trained chauffeur, select either a business or a first class service - both bookable via [www.mydriver.com](http://www.mydriver.com) or Amadeus Transfers.
